## **ADDING GAME/PLAYER STATISTICS**

1. After a DIVISIONAL game score is reported to the Divisional Leader and the Leader enters it into the NEAAU Baseball Network database, team coaches will be able to log into the NEAAU.org Baseball Network and enter their player statistics for that game. Please note, all new standings and statistics updates will NOT be seen on NEAAU.org until Wednesday of each week. The following are instructions on how to add your player's statistics:

*Step 1:* Log in using your username and password

*Step 2:* Click on the link labeled 'Statistics' from the links menu

*Step 3:* On this page you will see a list of your DIVISIONAL games that have been reported to your DIVISIONAL LEADER

*Step 4:* Click on the EDIT button associated with the game you wish to add player statistics to

*Step 5:* Type in the amount of AT BATS and HITS for each player on your roster and click Record Stats button (the database will calculate each player's BATTING AVERAGE that will show on your team page)

### **IMPORTANT NOTES:**

3. Non-Divisional stats will not be included on the NEAAU website.
4. Stats will be updated on NEAAU.org every Wednesday

## **DIVISIONAL LEADERS**

**What is a Divisional Leader?** A Divisional Leader is a team coach from a particular division (ex. 12U Division III) that volunteers to collect weekly game scores from THEIR DIVISION and enter them into the NEAAU Baseball Network database. After the Divisional Leader enters the games into the database, all other team coaches can add their player statistics.

All 2010 divisional leaders will be posted by March 20, 2010, if not sooner. If you would like to volunteer to be a divisional leader in 2010, please contact Todd Skovron at [tskovron@neaau.org](mailto:tskovron@neaau.org). If you were a Divisional Leader in 2009 and would like to volunteer again in 2010, please contact Todd Skovron at [tskovron@neaau.org](mailto:tskovron@neaau.org).
