Questions?

- **Actions:**
- Confirm contact list is correct and everyone is getting the emails (still have not heard from some teams)
- Remind people to get in there fields and dates their team cannot play. Also, if they need to have there games finished by a curtain date, i.e. June 1st.
- Confirm the information in the "Information Summary" tab.
- Define the divisions at the 12U & 14U level. 10U will just be one.
- How I would define the Red Division: (Second division will be Blue)
- You are a travel team or an all-star team (planning to play in multiple tournaments this year)
- You have at least 2 pitchers, one of which is really good. (throws hard, accurate, has a couple of pitches (fast ball, change maybe learning a drop or curve)
- The teams should be able to figure out were they stand, just trying to give you a few ideas on how to phrase things. Again this is obviously age dependent.
- I do not want to scare people or push them in a direction, you understand the point well so I know you can lead the discussion.
